

WHEN THERE'S
TOUGH
TO BE DONE

THE NEW-GENERATION
HILUX

MODEL SHOWN: 2.8 GD-6 4x4 LEGEND 6AT MHEV

DOUBLE THE GRIT. DOUBLE THE HILUX.

South Africa doesn't do easy and neither does the Hilux.

From rutted backroads to the Drakensberg passes at dusk and the N1 before sunrise with a full load bay, South Africa demands a vehicle that can handle it all. One that's as capable during the work week as it is on a school run and tackles every unexpected detour with equal confidence.

The New-Generation Hilux Double Cab is built for exactly that.

When there's tough work to be done, it doesn't hesitate. It shows up, day in and day out, ready for the heavy lifting and the jobs that don't come with clean conditions. Uncompromising strength where it matters most, built to take the knocks and keep moving long after the day gets difficult.

Still the same unbreakable Hilux underneath. Just sharper, stronger, and ready for whatever South Africa throws at it.

DOUBLE THE GRADE

No two South African journeys are the same. That's why the New-Generation Hilux Double Cab range is built to flex with whatever the country throws your way.

Choose between the 2.8 GD-6 diesel and the 2.8 GD-6 Mild Hybrid powertrains; and 4x2 efficiency or 4x4 capability. From the hard-working SRX to the fully-loaded Legend, every model shares the same unshakable backbone.

The New-Generation Hilux Legend MHEV is equipped with a Mild Hybrid System that requires no external charging. Powered by a 2.8l GD-6 engine, the mild hybrid technology includes a stop-start function.

2.8GD-6 150 kW @ 3000 r/min 500 Nm @ 1600 r/min 6-speed automatic 4X2 and 4x4

2.8GD-6 MHEV 150 kW @ 3000 r/min 500 Nm @ 1600 r/min 6-speed automatic 4X2 and 4x4

Lock in your spec and take on South Africa without second-guessing. Whatever the task, whatever the terrain, there's a Hilux to conquer it.

DOUBLE THE STYLE

The New-Generation Hilux Double Cab arrives with a more planted stance built for South African roads and backroads alike.

Up front, the new-look grille, bumper, and fenders create a commanding presence. At the rear, an updated bumper integrates underrun protection and parking sensors*, alongside practical deckside and rear steps for easy loading.

Sharpened by 18-inch wheels* and LED daytime running lights*, it takes on hard work without showing it. Grounded and purposeful, it doesn't just turn heads, it shows up ready for business.

*Available on selected models.

DOUBLE THE COMFORT

The New-Generation Hilux Double Cab is built for those who demand more from their vehicle. Whether it's carrying tools to the job site during the week or taking the family away for the weekend, it handles both with ease and without compromise.

The toughness doesn't stop at the load bay. Inside, the cabin combines practicality, comfort and smart technology to support every journey.

Interior Highlights:

- Higher-grade models feature softer-touch materials and a layered dashboard design for a more premium feel.
- Clever storage solutions throughout the cabin help keep essentials organised and within easy reach.
- The unmistakable rugged Hilux character remains at the heart of every model.

Comfort That Matches Your Lifestyle:

- Legend models feature durable, perforated leather upholstery, designed to withstand daily wear and tear.
- Raider models offer robust fabric seats that are equally at home on a dusty worksite or the daily commute.

Smart Technology on the Move:

Top-spec models feature dual 12.3-inch displays:

- A fully digital instrument cluster.
- A central touchscreen infotainment system.

Modern interior with 12.3" central touchscreen infotainment system

DOUBLE THE SAFETY.

The New-Generation Hilux is engineered to take you further with confidence. Because capability means little without the safety systems to help you get home again.

Every model is equipped with a comprehensive range of safety features designed to protect occupants and support the driver when conditions become challenging.

Safety Comes Standard:

- Seven airbags.
- Anti-lock Braking System (ABS) with Brake Assist.
- Electronic Brakeforce Distribution (EBD).
- Vehicle Stability Control (VSC).

These systems work seamlessly in the background to help maintain control when South African roads become unpredictable.

Advanced Security Features:

- Next-generation alarm system with ultra-wideband technology* to help prevent remote signal jamming.

*Available on selected models.

Toyota Safety Sense 3.0 (Legend Models):

Legend models introduce Toyota's latest suite of intelligent driver assistance technologies, including:

- Pre-Crash Warning and Braking.
- Intersection Collision Avoidance.
- Emergency Steering Assist.

On highways and long-distance drives, advanced systems help reduce driver fatigue and improve awareness:

- Lane Departure Alert.
- Lane Tracing Assist.
- Proactive Driving Assist.

When visibility is limited, additional features provide greater peace of mind:

- Blind Spot Monitor.
- Rear Cross-Traffic Alert.
- Safe Exit Assist.
- 360-degree Panoramic View Monitor for improved visibility when parking or navigating tight spaces.

Built to Protect:

The result is a prestigious Global NCAP 5-Star Safety Rating, reinforcing the Hilux's reputation as not only the toughest Hilux ever built, but also one of the safest.

TOYOTA ENVIRONMENTAL CHALLENGE 2050

AT TOYOTA, CREATING TECHNOLOGICALLY ADVANCED VEHICLES ISN'T OUR ONLY PRIORITY; WE'RE COMMITTED TO LOWERING OUR ENVIRONMENTAL IMPACT THROUGHOUT OUR ENTIRE PRODUCTION PROCESS. HOW? BY SETTING OURSELVES SIX CHALLENGES THAT WILL SEE US REACH A TRULY WORLD-CHANGING GOAL - A POSITIVE ENVIRONMENTAL IMPACT BY 2050.

The message is clear – Toyota Motor Corporation (TMC) wholeheartedly supports the Paris Agreement and accepts the challenge to achieve carbon neutrality by 2050. The Paris Agreement is a legally-binding international treaty on climate change and is aimed at reducing the emission of gases that contribute to global warming. While this treaty was only adopted in 2015, Toyota has been innovating and investing in technology to reduce emissions and achieve carbon neutrality for well over 30 years. Toyota has also led the way with more electrified vehicles on the road than any other automaker.

THE TOYOTA HILUX HAS BEEN MANUFACTURED TO MINIMISE ITS CARBON FOOTPRINT.

Guided by the goals of the Toyota Environmental Challenge 2050, as little impact as possible is made on the environment during each step of the process. From design to manufacturing, to end-of-life recycling programmes, our planet always comes first. This is because the ultimate long-term goal for Toyota is to make all our vehicles as environmentally friendly as possible. With this in mind, the entire Hilux range has been designed to have very low CO₂ emissions.

CHALLENGE 1

NEW VEHICLE ZERO CO₂ EMISSIONS CHALLENGE

By owning a Toyota you would be contributing to the reduction of vehicle CO₂ emissions by 90% in 2050 as opposed to 2010. You will help us promote the development of next-generation vehicles and further accelerate the spread of these vehicles.

CHALLENGE 2

LIFE CYCLE ZERO CO₂ EMISSIONS CHALLENGE

You are lending a helping hand to Toyota's efforts to reduce to zero not only CO₂ emissions produced in travelling and manufacturing, but all CO₂ emissions including the process of materials production, disposal and recycling of vehicles.

CHALLENGE 3

PLANT ZERO CO₂ EMISSIONS CHALLENGE

You uphold the two main pillars of our strategy to achieve zero CO₂ emissions at our plants which are:

1. Developing and introducing low-CO₂ technologies with ongoing kaizen.
2. Adopting renewable energy sources and utilising hydrogen energy.

CHALLENGE 4

CHALLENGE OF MINIMISING AND OPTIMISING WATER USAGE

In automobile manufacturing, we use water in painting, forging and other processes. Therefore, even a small reduction of its impact on the water environment is important. We have two measures to achieve this - comprehensive reduction of the amount of water used and comprehensive purification of the water and returning it to the earth.

CHALLENGE 5

CHALLENGE OF ESTABLISHING A RECYCLING-BASED SOCIETY AND SYSTEMS

You have contributed to our 40 years on the challenge of resource recycling. Going forward, by rolling out to the world the technology and systems evolved in Japan, we will all continue working on the challenge of establishing a recycling-based society.

CHALLENGE 6

CHALLENGE OF ESTABLISHING A FUTURE SOCIETY IN HARMONY WITH NATURE

Here at Toyota we have engaged in planting trees at our plants and environmental conservation activities in our surrounding areas. To establish a society where humans and nature coexist in harmony, we are promoting several activities to connect regions, the world and the future.

TOYOTA IS SERIOUS ABOUT COMBATING THE PROBLEMS ASSOCIATED WITH WASTE TYRES IN THE COUNTRY AND HAS THEREFORE TAKEN UP ITS PRODUCER RESPONSIBILITY AS DEFINED BY THE WASTE MANAGEMENT ACT OF 2008. WASTE TYRE REGISTRATION NUMBER: TPREG0031GAU

All Toyota vehicles can now be connected to the MyToyota App on your mobile phone, giving you more control of your driving experience and opening up a whole new world of personalised offerings and customisable features, so that you can enjoy:

IN-CAR WI-FI*

Connect to Wi-Fi

Toyota vehicles are known for their Quality, Durability and Reliability. Keeping your Toyota Genuine means no compromises in terms of safety, performance and resale value. The range of Genuine Products and Approved Services will ensure complete peace of mind throughout the ownership journey and beyond. For more information on how to Keep Your Toyota Genuine visit www.toyota.co.za/owners/genuine-parts

TOYOTA GENUINE PRODUCTS

For guaranteed fit and function, Genuine Parts are essential in maintaining the safety and reliability of your vehicle. They also comply with all safety, regulatory and environmental requirements, making it the obvious choice. The same exacting precision applies to Toyota Accessories, developed by engineers with extensive knowledge on vehicle integration – you can enhance the appeal and functionality of your Hilux without compromising its safety features or warranty. Warranties are about peace of mind, and the Genuine Unlimited Warranty is designed to provide superior cover (up to 10 years, unlimited mileage) and a seamless claims process thanks to full integration with Toyota systems. The Genuine Extended Service Plan also enjoys exclusive approval by Toyota SA and provides flexible extension options up to 10 years or 300 000 km to suit your period of ownership. Paying today's rates for tomorrow's maintenance is a sensible way to protect the resale value of your Hilux by means of a full service history.

TOYOTA APPROVED SERVICES

Specialised vehicle maintenance requires first-class facilities, advanced equipment and expert knowledge. Toyota Quality Service and Value Service not only promise accurate diagnosis and repair, but also a philosophy of building trust through a genuine concern for the needs of our customers. To complement the extensive network of Toyota dealers, we have a vast number of Accredited Body and Paint Repairers, selected on stringent criteria to ensure outstanding workmanship and customer service. You can maintain your vehicle's pristine condition without compromising its warranty thanks to the exclusive use of Genuine Parts by our Accredited Repairers. Offering 24-hour access to a full complement of assistance and recovery benefits, Toyota Roadside Assistance provides the peace of mind that competent support is only a phone call away.

TOYOTA GENUINE MEANS

✓ UNCOMPROMISED SAFETY ✓ GUARANTEED QUALITY ✓ PEACE OF MIND
